

NPIC/D-326-70

MEMORANDUM FOR: Director of Training

SUBJECT : Commendation for [REDACTED]

1. I wish to express my sincere appreciation for the excellent job done by [REDACTED] as the training officer for the Center's new Integrated Information System (IIS). This system, which will become operational on 1 November, cannot work without a certain level of skill on the part of the user. [REDACTED] comprehensive and well-designed training program has assured NPIC management that a maximum number of users will have that skill at the time of the IIS implementation.

2. During the 22 months that George has been with us, he has been involved in planning, scheduling, coordinating, and critiquing this very important effort. He has earned the plaudits of Center employees who have worked with him on this project, and he is indeed a credit to the Office of Training.

[REDACTED]

ARTHUR C. LUNDHAL
Director
